

# WHITE CABINET SCREWS

GRK Fasteners Cabinet screws are designed specifically for use in cabinet construction and installation. Manufactured in a #8 (4 mm) Dia., these screws are thin enough to prevent most material from splitting while offering sufficient strength to provide strong and secure mounts. The washer head design presses flush against any material surface. The Zip-Tip eliminates the need to pre-drill.

## PRECISION FIT STAR DRIVE

eliminates stripping for improved productivity

## LOW-PROFILE WASHER HEAD

increased surface holding

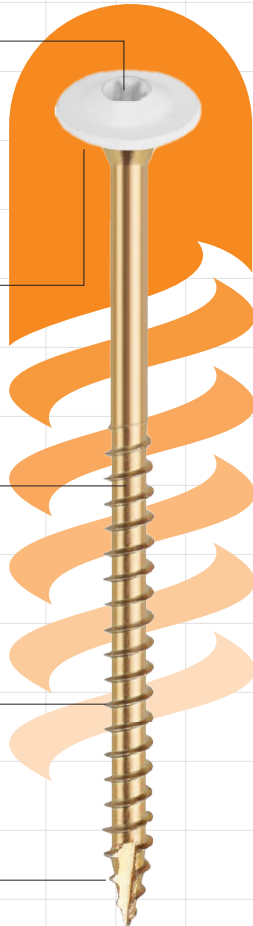

## WHITE CABINET COATING

color matched for interior applications

## W-CUT™ thread design

## ZIP-TIP™

allows for no-pre-drilling and 1-step application

## IDEAL FOR:

- Cabinet construction and installation
- Light-Duty Framing
- Trim and Molding

## SELECTION CHART

| PART# | SIZE (DIA. x LENGTH) | QTY    |
